

# Corporate Travel

Marsh & McLennan Companies recognizes its responsibility to conduct business in a way that protects and improves the state of the environment for future generations.

---

Marsh & McLennan Companies utilizes a Green Traveler Program to provide colleagues access to sustainable travel options and information, educational components, and enhancements to business travel booking tools.

## Highlights of Green Traveler include:

- Integration of facts about green travel into our online travel booking tool.
- Green Hotel Rankings, the result of an annual environmental performance survey based on more than 400 properties globally within the Company's preferred hotel partners listing.
- Hybrid car rental offerings at virtually the same price as a midsize car through our preferred car rental partners.
- Green travel educational tips on what to keep in mind at all stages of travel.
